

## McHenry County Offices - General Election - November 3, 2020

County candidates' views on reproductive rights are important. Although these offices do not have direct jurisdiction over abortion policies, support of all reproductive rights including family planning and comprehensive sexuality education is essential at every level. As elected officials these office holders will have the opportunity to exercise political leadership that will have an impact on those who are responsible for reproductive policies in Illinois. These offices are also often used as first steps in a political career. Personal PAC has sent comprehensive questionnaires to the candidates to evaluate their positions on reproductive rights. Some candidates have publicly declared their positions. MCCC does not endorse candidates.
